

## Borrowing Players:

Any team registered with Paola Soccer Club may borrow players from any other team registered with Paola Soccer Club given the following:

- 1) Borrowed players must be on a volunteer and not recruited basis.
- 2) The team borrowing players may only do so in order to bring their team numbers for that game up to the typical number needed to play PLUS adequate substitute players. For 8v8, this would be 8 + 3. For 11v11 this would be 11 + 4. For Spring U19 this would be 5 + 3.
- 3) Borrowed players will not be allowed to start the game or the 2<sup>nd</sup> half except for the position of goalie. The exception to this would be if borrowed players are needed to bring the team up to the typical numbers for 8v8, 11v11 or U19 5v5.
- 4) Borrowed players may be borrowed from the same age group or from the age group below.
- 5) The coach of the team borrowing players must notify the center referee and the opposing coach. Borrowed players must be listed on the roster card with the other players. Objections will be dealt with as quickly as possible.
- 6) Playing time requirements for borrowed players is not the same as with rostered players (i.e., ½ game per player). Borrowed players are to assist with substitutions and/or allow for full sided games. Rostered players should receive the bulk of the playing time.
- 7) Borrowed players may only play in 2 additional games each day.
